RICK CASNER CURRICULUM DEPARTMENT

A screenshot of the Panopto player interface. On the left, a sidebar contains a search bar and a table of contents. The 'Contents' tab is selected, showing a list of video segments with their durations. A green arrow points from the 'Contents' tab to the video player. The video player shows a man's hand pointing to three shotguns on a wooden table. Below the video is a progress bar and a thumbnail strip of the video segments.

1 Search the recording and jump to that time in the video.

2 View the table of contents and jump to those sections of the video.

All right students, so let's walk through this course. 0:04
We want to plan ahead. And you'll notice the name of this course is your pump action Shotgun Armors course. 0:07
But it would be doing a disservice to you if we didn't mention also throughout this course other platforms or other operating systems. 0:14
You'll see here on this table, I have the break-action shotgun, I have the gas-operated shotgun platform or operating system. 0:23
I also have the pump action shotgun that you guys will be receiving in the course. 0:33
But there are also things like inertia-driven bolt-action and lever-action shotguns that you can. 0:37
Potentially get across your bench as a gunsmith. 0:45
So as we progress throughout this course, we want to address some of those. 0:49
We're not going to go into a super amount of detail on, on those other operating systems, but we will address that to some extent. 0:55
So if there is any or if you have any questions as you, as you progress, um. 1:03

You'll see here on this table, I have the break-action shotgun, I have the gas-operated shotgun platform or operating system.

A screenshot of the Panopto player interface. On the left, the 'Captions' tab is selected, showing a list of captions with their durations. An orange arrow points from the 'Captions' tab to the video player. The video player shows the same scene as the first screenshot, with a man's hand pointing to three shotguns on a wooden table. Below the video is a progress bar and a thumbnail strip of the video segments.

3 View the closed captions, download and print the transcript if needed. Toggle the CC on or off on the video.
